

Update: 11.09.20

Entering & exiting school seems to be going well...fingers crossed. We hit a snag with the exiting of our older children as it clashed with Park View children leaving school but this seems to have been resolved. I can not tell you how much your prompt collection of the children has helped and we are doing our very best to get the children out on time. It's a bit like a military operation at the moment!

Please continue to support us by:

- continuing to supervise your child until they cross the road on a morning – they should not be left unattended
- keep your child close to you after collection on an evening – please do not let them run around the waiting area
- all children should be escorted to & from school to maintain the class bubbles
- only 1 parent to walk to the drop off & pick up points to ease congestion & enable social distancing
- all adults to observe social distancing rules outside school

Mrs Fenwick (Elsie!)

Just to let you know, Mrs Fenwick will not be returning to school. After many years of service, she has decided that now is the time to retire. She has been a huge part of the life of this school from starting her involvement as a parent she has been a lunchtime supervisor, governor, classroom support and dress maker for every performance as long as I can remember. Most of all she has been a best friend to the school and a loved colleague of all of us...especially me! Not having her around every day is very strange and we can't wait until things are more normal again so she can pop in and see us all. I know she will be missing the children as much as they are missing her as they have been such a huge part of her life. I'm sure you will join me in wishing her all the best for a long and happy retirement.

Our New Reception Classes

They have joined us in such strange times – and they are all doing so brilliantly! The teachers and I could not be prouder. If you need to contact me at anytime my email is l.gowland@durhamlearning.net . It's lovely to have you with us 😊
