

## Important: For your information

If the Prime Minister announces school closures at 8pm tonight, our plans are...

For teachers to provide remote education for your child - see Class Dojo.

School will remain open **only** for the children of **critical workers** and **vulnerable children**. If you are in this category and have already provided the school with documentation of your employment (in Spring 2020), you do not need to resend. If your circumstances have changed, please contact school tomorrow. We are aware of our children of critical workers and vulnerable children so you do not need to email us to inform us of attendance.

**Under these extreme circumstances you should keep your child at home if you are able to do so. However, if it is essential for you to send your child into school please note the following:**

Day 1: Please provide a packed lunch.

Day 2 onwards: Lunches provided for children who have paid or are entitled to free school meals.

Please bring your child to school in the same way and at the same time. Hometimes will remain the same.

If the Prime Minister announces that schools are to remain open – we will see you tomorrow!
